

# FFT Case Study-02

## Login Form

# Code :

```
<html>
  <head>
    <title>Navigation Bar</title>
    <style>
      .nav{
        background-color: rgb(241, 127, 127);
        display: flex;
        padding: 10px;
      }
      .nav,ul{
        display: flex;
        gap: 20px;
        justify-content: end;
      }
      li{
        list-style: none;
      }
      img{
        width: 300px;
        height: 100px;
        margin-right: 300px;
      }
      input{
        height: 40px;
        margin-top: 20px;
        width: 600px;
        padding: 10px;
      }
      button{
        height: 40px;
        margin-top: 20px;
        background-color: sienna;
        border: none;
        border-radius: 10px;
      }
      button:hover{
        background-color: rgb(247, 246, 246);
      }

      body{
        margin: 0px;
        padding: 0px;
      }
      a{
        text-decoration: none;
```

```

    }
  </style>
</head>
<body>
  <h1>NAV BAR</h1>
